Great ShakeOut

Earthquake Drills

Childcare and Pre-School

At 10:19 a.m. on October 19, 2023, millions of people will “Drop, Cover, and Hold On” in The Great ShakeOut, the world’s largest earthquake drill ever! All childcare centers, in-home childcare, and pre-schools are encouraged to participate in the drill (or plan a more extensive exercise).

Major earthquakes may happen anywhere you live, work, or travel. The ShakeOut is our chance to practice how to protect ourselves, and for everyone to become prepared. The goal is to prevent a major earthquake from becoming a catastrophe for you, your organization, and your community.

Why is a “Drop, Cover, and Hold On” drill important? To respond quickly you must practice often. You may only have seconds to protect yourself in an earthquake before strong shaking knocks you down, or something falls on you.

Millions of people worldwide have participated in Great ShakeOut Earthquake Drills since 2008. The Great ShakeOut is held on the third Thursday of October each year.

Everyone can participate! Individuals, families, businesses, schools, colleges, government agencies and organizations are all invited to register.

Register today at ShakeOut.org

HOW TO PARTICIPATE

- Create and/or update your disaster plan.
- Check your emergency supplies; make sure they are fresh, accessible and functional.
- Encourage staff and children to prepare at home.
- Provide first aid and response training for staff.

Share the ShakeOut:

- Encourage staff and children’s families to ask their friends and neighbors to register.
- Ask colleagues at other facilities to participate.

- Share photos and stories of your drill at Shakeout.org/share.
