TIS Project: Teacher Impression Scale

El propósito de este proyecto es establecer características psicométricas y usabilidad del instrumento de evaluación de competencias sociales relacionadas con compañeros en una escala de practicante-administrador para niños de preescolar.

¿Eres maestro(a) en educación infantil temprana?

¡Ayúdanos a conocer más sobre esta herramienta de evaluación!

Nuestro proyecto de investigación está desarrollando una herramienta de evaluación para ayudar a los maestros de preescolar a obtener más información sobre los comportamientos sociales entre los compañeros de los niños en su clase.

Estamos buscando maestros en entornos de educación infantil temprana para participar en un estudio de investigación y probar esta herramienta en sus aulas.

-  Los participantes utilizarán la herramienta para evaluar los comportamientos sociales entre los compañeros de los niños en su clase. La participación requerirá hasta seis horas de su tiempo.
-  Se le compensará con hasta \$395 por su tiempo, y la participación durará aproximadamente 2 meses.

¡Por favor mande correo electrónico a Sam Odom (slodom@unc.edu) or Claudia Montoya Dunn (clmdunn@unc.edu) si usted esta interesado!

UNC IRB Studio: 22-2106

El proyecto TIS cuenta con el apoyo del Centro Nacional de Investigación Educativa y el Instituto de Ciencias de la Educación del Departamento de Educación de los Estados Unidos, a través de la beca R305A220241 otorgada a la Universidad de Carolina del Norte en Chapel Hill.
