Dental Well Child Clinic

Your Child's First Dental Visit

A Warm Welcome

Our friendly team will greet your child with a big smile! We know the first visit can feel a little scary, but we make sure the experience is fun, relaxed, and comfortable.

Knee-to-Knee Dental Exam

One of the most important parts of the visit is the knee-to-knee dental exam. This position allows the dentist to gently check your child's teeth and gums while keeping them calm and secure. We use soft tools and gentle techniques to make sure the exam is quick and easy.

Clean Teeth & Fluoride Treatment

We will gently clean your child's teeth depending on their comfort level. To help keep those teeth strong and healthy, we will also apply a fluoride treatment, which protects against cavities and strengthens enamel.

Fun and Education

Your child will also have a chance to learn about brushing, flossing, and taking care of their teeth. We'll give you tips and advice on how to make tooth care fun at home, and we'll even give your child a special prize for being so brave!

Please call to schedule your child's Dental Well Child visit.
