About Contacting Resources

When contacting potential resources, you can guide community personnel in discussing information about what they have to offer you or your family. Before calling, write down what you want to ask or know.

- Explain why you are calling, what you or your children need and the number and ages of your children:
  "I am calling from Arcata. I am the mother of a 2 and 4 year old, and I would like to take a parenting class. I will need child care while I attend classes."
- Have a pen and paper ready to write down any information you may receive.
- Ask for the resource's specific functions (what do they do?) and decide if any of them match your needs:
- If you feel that you would benefit from the program, get the following information: Location of services, name of a contact person (if any), hours of service, fee, eligibility requirements and how to apply.
- Ask the resources personnel to send you the necessary brochures or other paperwork that further explain the resource. Give your name and address.
- If the person with whom you spoke cannot help you, ask for the name of someone else you can call for the same service.
- Don't give up! If you are not sure of exactly where to call, try calling **211** Humboldt or any other number listed in this guide. Work with your home visitor, family worker, or center teacher to reach the resources you need.

Sugerencias para Contactar con los Recursos Potenciales

Cuando usted se ponga en contacto con los recursos potenciales, puede guiar el personal de la comunidad en discutir la información acerca de lo que tienen que ofrecerle a usted o a su familia.

- Preséntese, dando su nombre y apellido.

"Hola, me llamo Fulano de Tal."

- Explique su razón por la llamada, lo que usted o sus niños necesitan, y el número y las edades de sus niños.

"Estoy llamando de Crescent City. Soy la madre de de un niño de 2 años y uno de 4, y me gustaría tomar una clase de Crianza de Niños. Yo voy a necesitar la guardería mientras que yo asista a clase."

- Pida las funciones específicas de los recursos (¿que hacen?) y decida si algunos de ellos combinan bien con sus necesidades.

"¿Ofrece su programa algo que combinará bien con mis necesidades, o conocen ustedes otra organización que me pega mejor y que puedo llamar?"

- Si usted piensa que beneficiará del programa, pida la siguiente información.

-La Dirección de los servicios.
-El nombre de una persona con quien usted puede contactar, si hay.
-El horario del servicio, el precio, los requisitos de la elegibilidad y como se solicita o se inscribe por el servicio.

- Pida al personal de los recursos mandarle los folletos u otro papeleo que explica mejor el recurso. Déle su nombre y dirección.
- Termine su discurso contándole de nuevo lo que usted espera del recurso. Agradezca a la persona que usted ha encontrado por su información.
